(ECOTERRA Intl. keeps your Personally Identifiable Information confidential and does not disclose, sell, trade or exchange e-mail addresses or mailing lists.)

These are moderated lists [Â©1972-2013] with low traffic on important issues:

UNIQUE_PEOPLES

(Defending natural rights of first and traditional peoples and especially minorities)(also various lists for specific first nation peoples

<http://www.ogiek.org>

<http://www.madhibaan.org>

<http://www.khoisanpeoples.org>

NATURAL_FORESTS

(Protection of the old-growth or other natural forests and its peoples)

DIVERSE_LIFE(Protection of all species of wild fauna and flora)

BRIGHT_FUTURE(Trackmaps for our common future)

CLEAN_SKYnSPACE(Protection of the atmosphere)

NATURAL_SEAS(Protection of the marine biosphere)

DIVERSE_LANDS(Protection of terrestrial ecosystems)

NATURAL_WATERS(Protection of the aquatic ecosystems)

NATURAL_GENES(Protection against genetically modified organisms)

NATURAL_HEALTH(Protection of human health)

TRAVELnCARE(Protection of free voyage, safe travel and caring visit)

NATURAL_DEFENCE

(Protection of our values, our and our children's heritage and future)

* The list of subscribers to the [NATURAL_DEFENCE] list will for obvious reasons always be maintained off the cloud and off any server. Though all our lists remain remain strictly confidential it can not be ruled out that hacked servers or leaking clouds could be accessed by third party.

We go the extra mile and maintain the NATURAL_DEFENCE list off the grid.

CPU - COUNTER-PIRACY STATUS UPDATES (public)

SMCM - Somali Marine & Coastal Monitor Â©

(All on Piracy, illegal fishing and dumping off the Horn of Africa - internal only)

WILD_ROAR - (ECOTERRA ALERT BULLETIN)

FSM - FULL_SCOPE_MEDIA

(Free thinking, non-conforming investigative reporting and press releases (hot news, investigative reporting, features & press releases you hardly ever get from the mainstream media - English, German or French ListServ)

WTN - WILD_TIMES_NEWS

(- the hard-copy for people without internet access /
in English and in vernacular languages (postal address required)

SUBSCRIPTION

To subscribe to any group-list just go to <http://ccmail.ecoterra-international.org>

*CONTRIBUTION of INFO or ARTICLES *

YOUR IMPORTANT CONTRIBUTIONS TO ANY LIST AND TO WTN ARE MOST WELCOME!
Please send your genuine contributions in any format to
WILDNET <wildnet[at]ecoterra.net>.
However, proselytising or propaganda screeds will not be disseminated.

DO YOU NEED AN ECO-STRAIGHTLINER ?*

Please contact highly qualified scientists (ecologists, marine biologists etc.), lawyers, specialists and environmental experts or investigative journalists with proven track record of not being lured or bullied by corporate or governmental money via office[at]ecoterra.net

These are all no-nonsense people with vast experience.
Ask for the support of an ECO-Volunteer: Mail to office[at]ecoterra.net or become one yourself.

What you always wanted to know - check it out at:
EcoEarth.Info -- Environment Portal" <http://www.ecoearth.info>
Eldis Gateway to Development Information <http://www.eldis.org/>

N.B.: For security reasons mails from ECOTERRA are very rarely ever sent to these mailing lists with attachments.

If you happen to receive a message with an e-mail attachment, please be aware that our sender address might have been spoofed and we advise you to check that mail carefully without first opening the attachment.

If you suddenly don't receive mails from the usual list any more, but didn't unsubscribe, your mailbox or your ISP might have been tempered with by (hidden) censorship - please let us know and re-subscribe.

Sorry, if your e-mail address bounces several times, your address will be unsubscribed since we have to keep a rather strict unsubscription policy. Please re-subscribe, if you suddenly don't receive your mails from the specific listserv.

Avoid having your e-mail with ISPs, who are on the list of fraudulent and/or notorious mail interceptors and trackers like aol, yahoo, msn, hotmail, gmail etc.

Ad-mails (spam or UCE) are terrible, but don't use ISP- or web-based filters, since you never know their criteria. Stay in control and install the anti-virus, anti-spam and firewall yourself, which are unfortunately necessary in these days, and maintain them yourself on your system!

Broadband News via ConnectNevada

[ConnectEd Initiative Demands Sweeping Broadband Improvement for Libraries & Schools](#)

President Obama is calling on the Federal Communications Commission to ramp up its \$2.3 billion per year E-Rate program. The ConnectED initiative has the goal of ensuring that 99% of public schools in the United States will have access to a minimum of 100 Mbps broadband connections within five years. The initiative will also establish Gigabit connectivity as a goal.

ConnectED would be a significant and substantial increase in broadband capacity at schools and libraries. Today, according to an FCC Report, only 10% of E-Rate schools and libraries have broadband speeds at or above the President's goal of 100 Mbps.

[Click here](#) to learn more about the new plan for upgrading school and library broadband capacity.

[New Program Connects People & Jobs](#)

Connect Nevada's parent organization, Connected Nation, has just launched Digital Works: Connecting People & Jobs. The new, sustainable job creation program is now bringing technology-based jobs to local communities.

Digital Works is a digital skills training program aimed at providing a link between twenty-first century workforce opportunities and community revitalization. The program provides mentoring and training to workers seeking employment and places them in quality teleworking jobs.

The grand opening event for the first Digital Works center was held Friday, June 21, in Zanesville, Ohio. [Click here](#) to learn more about the program and how Digital Works will soon be able to work in Nevada.

[Connected Nation Launches 'Edified'](#)

Connected Nation announced, at the International Society for Technology in Education conference, that it has launched a new dedicated program to foster innovation in education, have a measurable impact on creating efficiencies in solving the connectivity challenge, and drive a more effective learning environment for students.

The program, called "Edified," will work with partners comprised of technology companies, education research organizations, broadband providers, and distinguished educators to accelerate the deployment of the latest mobile technology, robust wireless connectivity, education apps, and twenty first century teaching practice in America's K-12 schools, colleges, and universities.

"In every sense, we believe that technology has the power to 'edify' the quality of the educational experience at all levels and in ways that no one could have anticipated even five years ago," said Tom Ferree, Connected Nation president and COO. "We've only scratched the surface in terms of what technology can do —when paired with quality instruction — to impact educational outcomes, especially now that game-changing technologies like tablet devices are just beginning to be deployed on a one-to-one basis in our nation's schools.

[Digital Learning Month](#)

Connect Nevada designated June as Digital Learning Month. Our mission this month is to highlight the benefits and needs for digital learning programs, partners, and applications.

To learn more about digital learning and literacy in Nevada, make sure to check out our 'ECO' program in the next article!

[Get Connected with Nevada's Every Community Online program!](#)

Connect Nevada's [Every Community Online](#) Program offers the perfect way to get connected.

ECO offers free computer and Internet training that qualifies participants for discounted computers. Participants in the Las Vegas area are also eligible for discounted home broadband service.

ECO participants are eligible for:

- **Desktop computers for \$182.00**
- **Laptop computers for \$199.00**
- **Broadband service for \$10.00 a month** (Las Vegas area only)
- **Desk modems starting at \$73.00**

The program is offered in partnership with [JOIN, Inc.](#) and the [Nevada State Library and Archives \(NSLA\)](#).

[Click here](#) to learn more about how ECO training is designed to change lives and get every Nevadan online!

[Take Our CAI Survey!](#)

We need the help of all Community Anchor Institutions (CAI) in Nevada to answer a short questionnaire regarding broadband adoption. Institutions include K-12 schools, universities, libraries, hospitals/emergency medical facilities, and public safety facilities, and the information you provide will allow us to add data to our map.
