Water & oil: How natives & neighbors of the Sacred Headwaters battled drillers and won

In remote B.C., tribal elders, fishermen, hunters, and ordinary folks won a six-year fight to kick Big Oil out of their salmon-bearing backyard. Our three-part series explores what we can learn from their climate win.

Brendan Trainor

Sick of hearing from statists that an unregulated society is like the "Wild Wild West"? In fact, the West was not so, er, Wild. The total number of bank robberies in the West-Eight. The total number of immigrants killed by Indians (and vice versa) about 400 (out of hundreds of thousands). The total range wars? less than a half dozen. It was the State that initiated violence, as the Cavalry under the leadership of Sherman and Sheridan did slaughter thousands of Indians.

The Culture of Violence in the American West: Myth versus Reality

independent.org

Contrary to popular perception, the Old West was much more peaceful than American cities are today. The real culture of violence on the frontier during the latter half of the nineteenth century sprang from the U.S. government's policies toward the Plains Indians.

UNITED STATES SENATE COMMITTEE ON INDIAN AFFAIRS

	Chairwoman Maria Cantwell (D-WA)
For Immediate Release	December 18, 2013
Contact: Reid Walker	202-224-0466

Senate Committee on Indian Affairs Approves Reauthorization of Key Tribal Housing Bill

Committee also advances nomination of Special Trustee for American Indians

WASHINGTON D.C. – Today the Senate Committee on Indian Affairs unanimously voted in favor of reauthorizing the Native American Housing Assistance and Self-Determination Act (NAHASDA) (S.1352). The Committee also advanced the nomination of the Special Trustee for American Indians.

In 1996, Congress first passed NAHASDA to help ensure that Tribes and their members are provided safe and affordable housing, and that housing programs meet the needs of Tribal members well into the future. NAHASDA helps address a critical need for housing assistance in Indian Country, where more than 28 percent of reservation households lack adequate plumbing and kitchen facilities, while nationally only 5.4 percent of households lack such infrastructure.

This bill improves the current law by:

• Eliminating duplicative requirements when multiple agencies are involved in a housing-related project by utilizing a single agency standard.

- Allowing Tribes access to the HUD-Veterans Affairs Supportive Housing Program (HUD-VASH).
- Promoting sustainable projects by raising the total development cost ceilings cited as barriers to building energy-efficient housing.

An estimated 200,000 housing units are needed immediately in Indian Country and approximately 90,000 Native families are homeless or under-housed. A 2009 Annual Homeless Assessment Report found that Native Americans make up 8% of the country's homeless

population, while they comprise less than 1% of the general population. Nearly 46% of Native households are overcrowded, a rate almost three times that of the rest of the country, according to a 2010 report from the General Accounting Office.

"Currently American Indians make up 8 percent of the nation's homeless population, despite being only 1 percent of the general population. Nearly 25 percent live in housing units that have severe structural need," Chairwoman Maria Cantwell (D-WA) said. "This bill is critical to ensuring that all tribes and their members are provided safe and affordable housing, and that housing programs meet the needs of tribal members well into the future."

"I'm looking forward to working with Chairman Cantwell on reauthorizing the NAHASDA, a bill that will assist tribes and their members throughout Indian Country. This legislation will help address Indian housing development issues, reduce bureaucracy and improve project administration," said Committee Vice Chairman, John Barrasso (R-WY).

In 2002, NAHASDA was reauthorized for five years, and was again reauthorized in 2008 for a five-year period which expired in September 2013. NAHASDA consolidated funding under the 1937 Housing Act and created the Indian Housing Block Grants, giving tribes greater flexibility in administering their housing funds.

The Committee also voted to advance the Nomination of Vincent G. Logan to serve as Special Trustee, Office of Special Trustee for American Indians. Mr. Logan is a member of the Osage Nation of Oklahoma. On February 27, 2013, President Obama nominated him to serve as Special Trustee for American Indians.

The Office of the Special Trustee is located within the Department of the Interior. The staff includes 650 employees who manage more than 2,900 trust accounts for over 250 tribes. Additionally, there are 380,000 Individual Indian Money trust accounts managed by the Office of the Special Trustee for individual Native Americans.

"Mr. Logan has shown a great passion for working with tribes and individual Indians to manage their trust assets and the Committee appreciates his willingness to take on this difficult position," Cantwell said.

"Mr. Logan brings a strong financial background to this position," Barrasso said. "His experience and understanding in this field will serve him well as the Special Trustee for American Indians."

National Funding

Support for National Performing Arts Projects

Doris Duke Charitable Foundation: Fund for National Projects

The Fund for National Projects, an initiative of the Doris Duke Charitable Foundation, supports projects that strengthen the national infrastructure of the professional nonprofit dance, jazz, presenting, and/or theatre fields. In addition, the Fund works to improve conditions for the national community of performing artists in the targeted fields. Grants of \$60,000 to \$200,000 are provided for projects that engage a broad national constituency, occur once (or periodically) rather than annually, and have the potential to significantly impact a field. Examples of eligible

projects include research initiatives assessing the national health of arts groups or of individual artists, national convenings for performing arts fields (beyond traditional national annual conferences), and special projects that address unique circumstances that affect an entire professional nonprofit field. Projects by single performing arts entities are not supported. The upcoming deadline for letters of inquiry is February 28, 2014. Visit the Foundation's website for program details.

Youth Environmental Initiatives Funded

Captain Planet Foundation

The Captain Planet Foundation supports educational programs that enable youth to understand and appreciate our world by getting involved in hands-on projects to improve the environment. The Foundation is interested in funding innovative programs that inspire youth to participate in community service through environmental stewardship activities. An additional priority is to fund programs that encourage environment-based education in schools. Nonprofit organizations and public schools may apply for grants of \$500 to \$2,500. Priority is given to projects with matching funds and/or in-kind support. The first application deadline for 2014 is January 31. Online application guidelines are available on the Foundation's website.

Grants Promote Employment for People with Disabilities

Kessler Foundation: Signature Employment Grants

The Kessler Foundation's Signature Employment Grants provide support for non-traditional solutions or social ventures that increase employment outcomes for individuals with disabilities. Grants ranging from \$100,000 to \$250,000 per year are awarded nationally to fund new pilot initiatives, demonstration projects, or social ventures that lead to the generation of new ideas to solve the high unemployment and underemployment of individuals with disabilities. Preference is given to interventions that overcome specific employment barriers related to long-term dependence on public assistance, advance competitive employment in a cost-effective manner, or launch a social enterprise or individual entrepreneurship project. Priority is placed on serving individuals with mobility disabilities, traumatic brain injury, spinal cord injury, multiple sclerosis, stroke, cerebral palsy, spina bifida, epilepsy, or other related impairments. The Foundation requires that 65% of the target grant population meet these criteria. Nonprofit organizations throughout the U.S. are eligible to apply. Online grant concepts are due February 7, 2014. Visit the Kessler Foundation's website to review the Signature Employment Grants guidelines.

Awards for Exemplary After-School/Out-of-School Arts Programs National Arts and Humanities Youth Program Awards

The National Arts and Humanities Youth Program Awards, sponsored by the President's Committee on the Arts and the Humanities, recognize excellence in after-school and out-of-school arts and humanities programs for underserved children and youth. These programs offer high-quality and intensive instruction on weekends, afternoons, and summer vacations, providing a safe and productive space for young people in the hours when they are often the most vulnerable. Twelve winners will receive a \$10,000 award and an invitation to accept their award at a White House ceremony. Programs initiated by museums, libraries, performing arts organizations, schools and universities, arts centers, community service organizations, and government agencies are encouraged to apply. Eligible programs must have been in operation for

a minimum of five years. The 2014 application deadline is February 10. Visit the program's website to submit an online application.

Regional Funding

Conservation Initiatives in the Pacific Northwest Supported Confluence Fund

The Confluence Fund seeks to be a catalyst for innovative conservation solutions designed to preserve wild landscapes. The Fund provides support to nonprofit organizations that work in the Yellowstone to Yukon (Y2Y) region. The Y2Y region encompasses five states (Idaho, Montana, Oregon, Washington, and Wyoming), two Canadian provinces (Alberta and British Columbia), and two territories (Yukon and Northwest Territories). The Fund's grant priorities include Developing Conservation Leaders, Making Room for Wildlife, and Saving Wild Landscapes. Letters of inquiry may be submitted from January 1 through February 1, 2014. Visit the Fund's website to review the grant priorities and funding guidelines.

Funds for Virginia Healthcare Providers

Virginia Health Care Foundation

The Virginia Health Care Foundation promotes public-private partnerships that increase access to primary healthcare services for medically underserved and uninsured Virginians. The Foundation supports projects that will grow or strengthen Virginia's healthcare safety net in the following categories: Develop or Expand Patient Capacity, Establish a Broader Scope of Services, Create Local Coordinated Systems of Care, and Strengthen the Infrastructure of Health Safety Net Providers. In all categories, a successful proposal must demonstrate that all the necessary planning has taken place, and the project management is thoroughly prepared to implement the project. Public agencies and nonprofit organizations, including free clinics and community health centers are eligible to apply. The first concept paper deadline for 2014 is January 22. Visit the Foundation's website to learn more about the grant program.

Grants Enhance K-12 School Gardens in California

California Fertilizer Foundation: School Garden Grant Program

The California Fertilizer Foundation's mission is to enhance awareness and understanding of plant nutrients and agriculture in California. The Foundation's School Garden Grant Program provides funding for California public and private elementary, middle, and high schools for sustaining or establishing school gardens. The Foundation awards 24 grants of \$1,200 annually to schools in California; twelve awards are made in each grant cycle. At the end of each year, winning schools can re-apply for a progress grant of \$1,500 and a free agricultural field trip. Applications for the first funding cycle of 2014 must be postmarked by January 15. Visit the Foundation's website to learn more about the grant program and to download the grant application.

Technology Awards for Georgia Nonprofits

TechBridge Technology Innovation Award Program

The TechBridge Technology Innovation Award Program, sponsored by Accenture, recognizes deserving nonprofit organizations in Georgia that have innovative concepts for using technology to better serve the community. The award provides up to \$25,000 in TechBridge consulting services and a cash grant of \$5,000 to the nonprofit organization with the most compelling

concept. The winner also receives thousands of dollars in donated software. In addition, two finalists each receive a TechBridge technology assessment and a \$1,000 cash grant. The application deadline is February 3, 2014. Visit the TechBridge website for program details and application information.

Federal Funding

Program Seeks to Reduce Violence in Rural Areas

Department of Justice: Office on Violence Against Women

The Rural Sexual Assault, Domestic Violence, Dating Violence, and Stalking Assistance Program provides support to enhance the safety of rural victims of violence, and supports projects uniquely designed to address and prevent these crimes in rural areas. The application deadline is January 23, 2014.

Funds Available to Increase Diversity in Nursing

Department of Health and Human Services

The Nursing Workforce Diversity Program provides support to increase nursing education opportunities for individuals who are from disadvantaged backgrounds, including racial and ethnic minorities underrepresented among registered nurses. The application deadline is January 24, 2014.

Water and Waste Training and Technical Assistance Supported

Department of Agriculture

The Technical Assistance and Training Grant program offers support to identify and evaluate solutions to water problems relating to source, storage, treatment, and distribution, and to waste disposal problems relating to collection, treatment, and disposal, and to provide training that will improve the management, operation, and maintenance of water and waste disposal facilities. The application deadline is January 31, 2014.

Program Supports Boating Safety

Department of Homeland Security: United States Coast Guard

The National Nonprofit Organization Boating Safety Grant Program offers support to reduce the number of accidents, injuries, and deaths on America's waterways and provide a safe and enjoyable experience for the boating public. The application deadline is January 31, 2014.

100 years after Raker Act was signed, the fight over Hetch Hetchy dam continues Jonah Owen Lamb, San Francisco Examiner

It is perhaps the mother of all California water wars, and it's been raging for more than a century.

Oh Great Spirit Whose voice I hear in the winds And whose breath gives life to all the world Hear me, I am small and weak

I need your strength and wisdom Let me walk in beauty and make my eyes ever behold The red and purple sunset

Make my hands respect the things you have made And my ears sharp to hear your voice Make me wise so that I may understand the things You have taught my people.

Let me learn the lessons you have hidden in every leaf and rock. I seek strength, not to be greater than my brother, But to fight my greatest enemy - myself.

Make me always ready to come to you With clean hands and straight eyes. So when life fades, as the fading sunset, My Spirit may come to you without shame.

(translated by Lakota Sioux Chief Yellow Lark in 1887)
