2Two Reno Police Officers to Receive Heroism Award Thu 3:13 PM, Aug 13, 2015

RENO, NV - Two Reno Police Officers are to receive an award for saving a woman in a wheelchair from her burning apartment in January, 2014.

Officers Ira Coffey and Michael Hicks are to receive the Nathan Hale Heroism Award from Cal-Neva-HA Kiwanis Foundation

Police say at approximately 5:30 am on January 5, 2014, police were dispatched to the report of an apartment fire in the 700 block of Aitken Street in Central Reno. When they arrived on scene, they observed smoke coming from an apartment and several residents who lived in the complex told them there was an elderly woman inside the burning apartment.

Coffey and Hicks crawled into the smoke filled apartment and located the woman alive, but unconscious in her wheelchair. Both officers grabbed hold of the wheelchair, which had started to melt due to the heat from the fire, and dragged the 77 year old woman outside to waiting medical personnel. The woman was taken to the hospital for severe burns and smoke inhalation.

After hearing about the heroic efforts of Officer Coffey and Hicks, the Reno Sunset Chapter of the Kiwanis Club submitted the two Reno Police Officers for the Nathan Hale Heroism Award for heroism. This coveted award is presented annually by the Kiwanis Cal-Nev-Ha Foundation and is awarded to those who have demonstrated, by actions and conduct, exceptional courage toward another human being and/or personal involvement and dedication beyond the ordinary call of citizenship responsibility. The criteria for the award are based upon personal involvement and sacrifice above and beyond the normal call of bravery, which these two Reno Police Officers did that morning.

The Cal-Neva-HA Kiwanis Foundation will be presenting the award to Officer Coffey and Officer Hicks at noon on Friday August 14, 2015 at the Hyatt located at 1209 L Street in Sacramento, California.

"The recent discovery of a long-forgotten cemetery on the grounds of the London Hospital is illuminating some of these practices and, while some of the details are not for the squeamish, they have much to tell us about the foundation upon which modern medicine is built.....The extreme shortage of cadavers created a black market for "body snatching" —digging up fresh graves and selling the corpses to medical schools through the back door."

Known as "resurrectionists" or "resurrection men," gangs stole newly buried corpses to order.

"Longmire" Keeping it REAL for Indian country
Created by the producers of "Longmire".

Where the mind is without fear and the head is held high
Where knowledge is free
Where the world has not been broken up into fragments
By narrow domestic walls
Where words come out from the depth of truth
Where tireless striving stretches its arms towards perfection
Where the clear stream of reason has not lost its way
Into the dreary desert sand of dead habit
Where the mind is led forward by thee
Into ever-widening thought and action
Into that heaven of freedom, my Father, let my country awake.
