*****[<mailto:kalfred@email.gwu.edu>] **Subject:** Opportunity for #NativeYouth: The INSPIRE Pre-College Program for Native High School Students is accepting applications for the 2016 summer term. Apps due on 3/1.

The **2016 INSPIRE Pre-College Program** to be held **July 3 - 23, 2016** for Native high school students interested in government, politics, and/or public service!

The INSPIRE Pre-College Program is a full scholarship open to Native American, Alaska Native, and Native Hawaiian rising junior and senior high school students, including 2016 anticipated graduates, who want to spend 3 weeks on the George Washington University (GW) campus to learn about intergovernmental relations between tribal governments and the federal government.

The program centers on a full-day, experiential undergraduate course taught by GW faculty, Native Politics and the American Political System, which will offer opportunities for students to meet and interview influential Native advocates who work in Washington, D.C.

As an added bonus, INSPIRE students live on campus and participate in recreational programs with the community of high school students enrolled in GW Pre-College programs.

What does the INSPIRE scholarship cover?

- One course in Native Politics and the American Political System (3 undergraduate credit hours)
- Room and board at GW
- Airfare to and from Washington, D.C. (one round-trip ticket)
- All required textbooks
- Required local travel related to the course

The INSPIRE Pre-College Program is made possible by a generous contribution by AT&T.

PROGRAM DATES: July 3 - 23, 2016
APPLICATION DEADLINE: March 1, 2016

GW Native American Political Leadership Program

Apply @ **INSPIRE.NAPLP.GWU.EDU**

THE GEORGE WASHINGTON UNIVERSITY
WASHINGTON, DC

The INSPIRE Pre-College Program, operated by Native American Political Leadership Program and the GW Pre-College Program, is a full scholarship open to Native American, Alaska Native, and Native Hawaiian rising high school juniors and rising high school seniors, including 2016 anticipated graduates, who want to spend 3-weeks on the George Washington University (GW) campus to learn about intergovernmental relations between tribal governments and the federal government. The program is a full-day experiential undergraduate course, Native Politics and the American Political System,

taught by GW faculty. The course will offer opportunities for students to meet and interview influential advocates working on Native issues in Washington, D.C.

The INSPIRE Pre-College Program is made possible by a generous contribution from AT&T.

What does the INSPIRE scholarship cover?

- One course in Native Politics and the American Political System (3 undergraduate credit hours)
- Dorm room and a meal plan at GW
- Airfare to and from Washington, D.C. (one round-trip ticket)
- All required textbooks
- Required local travel related to the course

All application materials are due on March 1, 2016.

Third Round Promise Zones Competition - Deadlines, Webcasts, and Resources

The Obama Administration invites a new round of eligible applicants to apply for a

Promise Zone designation. Urban, rural, and tribal communities nationwide are invited to put forward plans to address multiple community revitalization challenges in a collaborative way.

In America, lobbyists are constantly trying to convince us that alternative energy just isn't a viable option.

Meanwhile, in Germany, they have permanently shut down 8 of their 17 nuclear power plants.

The rest of them will be shut down by 2022...

Where do you think they are getting their electricity from?

Any community meeting the eligibility criteria can apply for a designation. The U.S. Department of Housing and Urban Development (HUD) and the U.S. Department of Agriculture (USDA) will designate 7 Promise Zones across urban, rural, and tribal communities in the Spring of 2016.

Application Deadlines

A non-binding [Application Request Form](#) is due by *February 19, 2016 EST*. All Application submissions must be received by *5:00 PM EST on Tuesday, February 23, 2016* via MAX Survey.

Webcast Information

Urban Stakeholder Webcast

On February 1, 2016, HUD will host a stakeholder webcast to provide information and guidance to communities applying for an urban designation for the third round of the Promise Zones Initiative. HUD will focus the majority of the hour answering application related questions. Communities are encouraged to submit questions in advance to promisезones@hud.gov. Please include in the subject line: Questions for Urban Webcast.

Third Round Competition Urban Stakeholder Webcast

Monday, February 1, 2016
2:30PM – 3:30 PM Eastern Standard Time

HUD will host a webcast to answer application related questions for communities applying for an urban designation. [Register for the Webcast](#).

[DEAR PALEOANTHROPOLOGY, HOMO NALEDI JUST SHIFTED YOUR PARADIGM](#)
BY LYDIA PYNE

The discovery of the new fossil species *Homo naledi* challenges how scientific knowledge is created.

Going against the traditional practice of spending years (even decades) studying fossils before publishing in prestigious peer-reviewed journals, the *H. naledi* team excavated, studied, and published in just two years in *eLife*, an open access journal with a shorter peer review process.

[Does this create a new paradigm for scientific scholarship?](#)

WHAT EVERY AMERICAN SHOULD KNOW

A project of the Aspen Institute Citizenship & American Identity Program

In 1987, E.D. Hirsch sparked a national debate with his book Cultural Literacy, claiming that there is a foundation of common knowledge every American should know — and codifying it in a list of 5,000 facts and cultural references. Hirsch's list was attacked, celebrated, and much discussed. Today, amidst giant demographic and social shifts, the United States needs such common knowledge more than ever. But a 21st century sense of cultural literacy has to be radically more diverse and inclusive. And it needs to come not from one person but from all of us. So, we ask: What do you think Americans should know to be civically and culturally literate? Give us your top ten!

To add your entries, [sign in](#) *Again, another opportunity for Indian input. sdc*

What ten items - it could be a person, a place, an idea, etc. - should every 21st-century American know?

THE CROWD'S TOP ITEMS

1. Bill of Rights (U.S. history)
2. Trail of Tears
3. World War II
4. Manifest destiny
5. White privilege
6. I Have a Dream
7. Gettysburg Address
8. Constitution of the United States
9. Martin Luther King, Jr.
10. Declaration of Independence of the United States

SELECTED LISTS

Anne-Marie Slaughter, President and CEO, New America Foundation

Jazz

- Gilded Age
- Trail of Tears
- Sojourner Truth
- The Dust Bowl
- Declaration of Independence
- Gettysburg Address
- Declaration of Sentiments at Seneca Falls
- Korematsu dissent
- I Have a Dream Speech

Matt Kibbe, Senior Advisor, Concerned American Voters

- Tea Party
- Democratic Socialism
- Mass Incarceration
- TARP
- I Have a Dream

- Internment Camps
- Religious Liberty
- Progressive Era
- Edward Snowden
- Rule of Law

Arista Burwell-Chen, The Allyship Project

- “those who believe themselves to be white”
- Eric Garner
- the myth of meritocracy
- structural racism
- school-to-prison-pipeline
- #BlackLivesMatter
- rape culture
- intersectionality
- campaign finance reform
- roe v. wade

"What Every American Should Know" (WE-ASK) is a project of the Aspen Institute Citizenship & American Identity Program, and grew out of an [essay](#) by executive director Eric Liu. The Program was created in 2014 to explore how, in an age of increasing diversity and widening inequality, this country can cultivate a sense of shared destiny and common civic purpose. ***Social Work & Counseling**

MSW@USC

Designed for social workers who want to make a difference in their communities, the MSW@USC is The University of Southern California's Master of Social Work delivered online. The program features live online classes and hands-on field experiences in students' own communities. Classes are taught online in an engaging, collaborative classroom by supportive USC School of Social Work faculty, so students do not need to relocate to earn this top-ranked

degree.

We are excited to offer AmeriCorps Alums who are admitted into this highly competitive program a scholarship in the amount of **\$5,000 tuition benefit**. New students only.

[Request more information about MSW@USC here >>](#)

MSW@Simmons

SocialWork@Simmons is an innovative, online Master of Social Work (MSW) program offered through the Simmons School of Social Work, the nation's oldest school of social work. Combining live classes taught by renowned SSW faculty, internships in or near students' own communities, and the same rigorous curriculum as the on-campus MSW program, SocialWork@Simmons prepares clinical social workers for direct, real-world practice with individuals, groups, families, and communities.

For new students only, AmeriCorps Alums will receive a \$5,000 tuition benefit when they choose to enroll in this innovative program.

[Request more information about MSW@Simmons here >>](#)

Counseling@Northwestern

Through Counseling@Northwestern, The Family Institute at Northwestern University offers online students across the country its pioneering fusion of education and dynamic clinical training previously available only to on-campus Master of Arts in Counseling students.

Counseling@Northwestern students explore the depths and complexities of the psychodynamic perspective and receive immersive clinical training rooted in theory and informed by evidence-based practices. After two years, graduates are equipped as self-reflective practitioners to provide high-quality mental health services.

AmeriCorps Alums will receive a **\$5,000 tuition benefit** when they choose to enroll in this highly competitive program. New students only.

ABOUT THE ALGONQUIN LAND CLAIM

The Algonquins of Ontario (AOO) was created in 2006 as an organization to carry out the land claims process; the AOO decision-making body consists of the chief and six council members of the Algonquins of Pikwakanagan First Nation, along with one elected Algonquin Negotiation Representative (ANR) for each of the nine non-status Algonquin communities included in the claim. This land claim process was initially

started by Pikwakanagan in 1983, with the provincial and federal governments accepting the claim to negotiate in 1991 and 1992 respectively.

The land under negotiation has never been ceded or surrendered. It consists of approximately 36,000 square kilometres of eastern Ontario (although unceded Algonquin territory does not stop at the Quebec border): the southern boundary goes from North Bay in the northwest, southeast almost all the way to Kingston, and then northeast to Hawkesbury, with Brockville and Cornwall excluded. The northern boundary is the Ottawa River aka the provincial border; the city of Ottawa is included in this territory, as is almost all of Algonquin Park.

The key results of the current proposed settlement are for the Algonquin to get 1.3% of the land in fee simple ownership, as well as a \$300 million one-time payment from which the negotiating debt (currently \$20 million and rising) will be paid.

The Quebec-headquartered Algonquin communities of Timiskaming, Wolf Lake, Eagle Village, and Kitigan Zibi have all announced their assertion of Aboriginal rights and title to their traditional territories including

Stacey E Shinn [Las Vegas Review-Journal](#)

This is offensive, Governor [Brian Sandoval](#). How can you say there are "no Imminent health concerns" when community members have had to drink bottled water for years because their water is unsafe and burns their skin when they shower? How is the "fear of stigma" greater than the value of life? If you've talked with locals, you'll hear the stories how a disproportionate amount of neighbors and former mine workers are meeting untimely deaths due to cancer. And let's not forget the Yerington Paiute tribe who has had to bear the brunt of this environmental disaster. List Yerington as a national priority superfund site, clean up the toxic mess and put people & the planet first!

[Sandoval rebuffs efforts to name Nevada mine a Superfund site](#)

Gov. Brian Sandoval told federal environmental regulators Friday there are no imminent health concerns at an abandoned copper mine near Yerington to...

[reviewjournal.com](#) By Sandra Chereb Las Vegas Review-Journal Capital Bureau

[Myron Dewey](#) shared [Stacey Burns's photo](#).

We are blessed these past few days with lots of snow, snow will bring a good harvest for our tubape (pinenuts) but also it will bring corporate encroachment on our traditional harvesting areas. Encroachment is over harvesting.

Who contributes to the over-harvesting? Undocumented harvester are brought in to harvest for an income, stores buy from over harvesting corporate pickers and private entities such as international buyers and small & big restaurants.

We have yet to see Pinenuts sold at your local smokeshop on the surrounding reservations across Nevada.

So what is the Solution:

I believe the Tribal leaders need to educate the state to put a "cap" on the amount of not just the amount of pinenuts picked, but....on how much the "store buys from these over harvesting commercial pickers!!"

We have a lot of work to do all my relatives this year, we need your help.
