[Helen Fillmore](#) with [Benny Fillmore](#) and [2 others](#) in [Reno, Nevada](#).

This picture popped up in my feed, and made me want to share a story. I don't think I ever told anyone this except for my family, but four years ago, during my junior year of college, I called home crying telling my mom I was dropping out of school. That fall we lost our Uncle Herman. I was only 20 years old. I was taking 18+ credits. I had a job. I was the president of First Nations at UW. I was working on so many student-led initiatives to make our school community better. I couldn't handle it any more, and I was dead serious. I was dropping out. I was on my way home in my tiny purple Oldsmobile. I didn't pack a thing, and I made it to Olympia when I decided I'd buy a plane ticket instead (I would've been lucky if my car made it to Portland). I flew home first thing the next morning. My dad threw me in the sweat lodge, and I prayed. I didn't do much talking that weekend. I remember feeling a scary sense of calmness. I did a lot of listening instead.

At the rally, my dad stood up and told the story of how he and my mom met in Kansas City, MO organizing for the Leonard Peltier defense committee. He once told me that when he first saw my mom walk through the front door, he knew in that moment, with this white woman organizing on his behalf, Leonard was going to be free in no time. It makes me sad to see this man still behind bars. An activist just calling for an end to the mistreatment of Native people, calling for an end to the degradation of our lands, and imprisoned for being willing to stand strong...and if it wasn't for his struggle, I wouldn't exist. I thought I re-learned my purpose that day. I still don't know what it is, but that's okay. I went back to school that Monday, and that next year I graduated.

I just wanted to share this story because I think we all go through times when we can't handle anymore, and all of the sudden another weight is dropped on us...whether it's the loss of a loved one, too many responsibilities, or even just a literal weight that you dropped on your foot during leg day lol...the most important thing is to keep breathing, and keep moving forward. We are collectively responsible for the health and well-being of our worlds. I hope we never forget our purpose whatever it may be.

Stand in solidarity in Reno this Saturday at noon for "Leonard Peltier Day." Meeting at the Reno Arch.

Love to all of you. Miw migalam šemuyi. Gak'eṛeš ʔaṇaw gabišgi keʔi. Photo by [Laura Fillmore](#)

CENSORED NEWS: Leonard Peltier to receive Frantz Fanon Award in France

We Resist, We Survive: Leonard Peltier and Imprisoned Indians

Cutcha Risling Baldy, teleSUR: Leonard Peltier, a Chippewa-Lakota man, is one of the longest-serving political prisoners in the United States. Peltier's 40-year incarceration is just a part of the larger context of the continued injustices that are perpetrated against Native peoples because we resist and we survive. [Read the Article](#)

Room to Roam

Last December, the U.S. Senate passed the National Bison Legacy Act to designate the North American bison as our national mammal. The bill is still (surprise, surprise) awaiting consideration in the House of Representatives. But just two weeks after the Senate vote, Montana's governor, Steve Bullock, offered a sort of amnesty to bison that stray outside the bound of Yellowstone National Park. Bullock's move isn't without controversy, however.

[vimeo.com](#)

In Samoan culture we have a very special dance called the "Tauluga"

where the woman dances and she's honored by the men who dance around her out of love and great respect. On my grandmother's 80th birthday she danced her Tauluga while I proudly danced around her while she laughed and beamed with pride. She had the greatest 80th birthday and her smile was from ear to ear. My grandmother, Lia Maivia was a strong willed, highly respected and tough pioneer in the world of pro wrestling, becoming wrestling's first successful

female promoter. But when we hit hard times and were evicted from our apartment, shortly after that my grandmother became homeless. When I finally could afford it, I bought her a place of her very own that she LOVED. I would always ask her after that, "Grandma are you happy?". To which she'd call me by my Samoan name and say, "Tuife'ai Im so happy.. thank you.. oh and can you please sing that song I like.." Ha! I'd start singin' away (off key of course) and she'd laugh and smile from ear to ear. A few months after this picture was taken, my grandma passed away peacefully in her sleep. I know we all experience loss and it's so tough to deal with... but for the rest of my life I'll be grateful for the one of a kind lessons only our grandparents can teach us. Miss you grandma and I hope you hear me cause I'm still quietly singin' away to you (off key of course:)... Misiga tele 'oe Grandma, alofa tele atu mo 'oe.

Bernie Sanders, Cory Booker to Attend Reno Progressive Summit
February 12, 2016 - Suzanne Potter, Public News Service (NV)
Play Audio in Browser Window

On Saturday, one week before the Nevada Democratic primary, Sens. Bernie Sanders and Cory Booker will appear at the Nevada Progressive Summit in Reno.(svanblar/iStockphoto)

RENO, Nev. - Issues such as public lands, environmental justice and reinvestment in rural and Native American communities are expected to dominate the debate at a [town-hall-style summit](#) on Saturday in Reno.

The event, which comes just a week before the Feb. 20 Nevada Democratic Party primary, will feature Democratic presidential candidate Sen. Bernie Sanders of Vermont and a Hillary Clinton surrogate, Sen. Cory Booker, D-N.J.

"Immigrants, Native American leaders, fast-food workers, hunters will be asking the questions that aren't getting asked probably anywhere else in this country," said Bob Fulkerson, state director of the Progressive Leadership Alliance of Nevada, who helped organize the summit.

The "Real Solutions for Real People Summit" is expected to pack the 350-person hall at the University of Nevada-Reno.

Fulkerson said they want to shine a national spotlight on Western issues, including the drought and the fight over management of public lands.

"You know, there's this whole push to privatize public lands and give them to the Koch brothers and extractive industries," he said. "The Bundys make that look a little bit moderate, when they're both radical proposals."

Fulkerson said other issues to be showcased include raising the minimum wage and whether the transition to a clean-energy economy will benefit communities of color.

Information about the conference is online at planevada.org.

Josephine Kulea to Serve as Global Gala Keynote Speaker

Thursday, March 24, 2016
Atlantis Hotel Casino Resort

Mark you calendar for the **17th Annual Global Gala** on March 24, 2016 at the Atlantis. Our keynote speaker will be a change maker from Kenya. Josephine first visited Reno in 2010 under the auspices of the International Visitor Leadership Program. Her life's work is to rescue young girls from being married at ages as early as three. Josephine was named UN Kenya Woman of the Year in 2014 and she also participated in the Young African Leadership Initiative in 2014.

Additional speaker information, including a video with President Obama, sponsorship and ticket information are available at www.unr.edu/nnic.
