Live - call between FBI Negotiators, Michele Fiore

<http://letstalknevada.com/alert-fbi-action-malheur-refuge/>

FBI at Malheur

Posted on [February 10, 2016](#) by [Bill Hurd](#)

Something big is happening right now at the Malheur Refuge where four holdouts of militants are trying to keep from going to jail. The best I can tell from reading JJMacNab's twitter feed @jjmacnab is that one or more people in a vehicle tried to escape from the refuge, which is

surrounded by FBI and perhaps other law enforcement. The FBI has stopped the vehicle, and is trying to get the person or persons to surrender. There is communication. The four holdouts say they will leave only if there are no charges against them. Fat chance.

Holdout leader David Fry is or has been on a phone. JJ posted that the live audio is heartwrenching.

There was a report of gunfire, but may not be real.

The holdouts are afraid for their lives. They seem to believe that Michele Fiore can save them. Will she be responsible if people are harmed?

Fry has told the FBI to "Go and kill me. Kill me." Do we have another case of suicide by cop?

As I write, there is a live audio feed on YouTube.

[Try watching this video on www.youtube.com](http://www.youtube.com)

Franklin Graham just came on line.

If you want to keep up, Try the YouTube and @jjmacnab.

~~~~~

Update 8:05 pm. Fiore seems to be trying to do her best to keep the holdouts alive. Keep them from doing something that gets them shot.

The holdouts do not trust anything the FBI says.

Fiore is in a car driving from Portland to Burns, but she is several hours away .- perhaps 4 hours. She has told the holdouts not to panic if the phone connection is lost as Frieo is out of cell range in the mountains. She says the FBI promises not to take action if the call is broken. But the holdout don't believe anything.

The holdouts really believe that they are perfectly innocent but will spend years in jail if the surrender.

The YouTube live feed is still up, with the phone call between Fiore and the holdouts. Obviously the FBI is listening.

The FBI wants them to surrender now, but the holdouts want to wait for daylight, so whatever happens will be on good video. Franklin Graham should be there by about 7 am. Fiore sooner, maybe as soon as midnight.

CALENDAR - Deadlines, Trainings and Events

**Feb. 9-11 Community Scale Tribal Renewable Energy Workshop (Dept of Energy)**  
Rancho Mirage, CA

Tribal leaders and staff are invited to attend the DOE's community-scale tribal renewable energy workshop. The workshop will walk participants through the process for developing community-scale renewable energy projects on tribal lands. The workshop offers a unique opportunity for participants to learn from renewable energy project experts, get hands-on experience using technology resource assessment tools, explore project case studies, and hear from other tribes about lessons learned. Workshop participants will learn about the five steps necessary to develop and finance renewable energy projects on tribal lands. The workshop is limited to elected tribal leaders, tribal executives, and tribal staff. There is no cost to attend, but registration is required. Participants are responsible for their own lodging, dinner, and travel costs. Register now to secure your spot by emailing [tribalworkshops@nrel.gov](mailto:tribalworkshops@nrel.gov) or calling 303-275-3005.

### **Feb. 9 NEIGHBORHOOD PLANNING GRANTS TO HELP TRANSFORM COMMUNITIES (HUD)**

Through the Choice Neighborhoods planning process local governments, housing authorities, residents, nonprofits, tribal authorities, private developers, school districts, police departments, and other civic organizations create a common vision and develop effective strategies to revitalize their neighborhood. The resulting Transformation Plan and locally driven Action Activities lay the foundation for revitalizing the distressed public and/or assisted housing units, transforming the surrounding neighborhood, and promoting opportunities for families. Under these grants, communities with severely distressed public or HUD-assisted housing will continue to develop a successful neighborhood transformation plan and build the support necessary for that plan to be successfully implemented. For more info., Read HUD's funding notice
