The **John Templeton Foundation** serves as a philanthropic catalyst for discoveries relating to the Big Questions of human purpose and ultimate reality. We support research on subjects ranging from complexity, evolution, and infinity to creativity, forgiveness, love, and free will. We encourage civil, informed dialogue among scientists, philosophers, and theologians and between such experts and the public at large, for the purposes of definitional clarity and new insights.

Our vision is derived from the late Sir John Templeton's optimism about the possibility of acquiring "new spiritual information" and from his commitment to rigorous scientific research and related scholarship. The Foundation's motto, "How little we know, how eager to learn," exemplifies our support for open-minded inquiry and our hope for advancing human progress through breakthrough discoveries.

Willard Hughes Rollings

From Wikipedia, the free encyclopedia

Rollings was born in [Farmington](#) in northwestern [New Mexico](#), to Ira Rollings and Georgia Luella Rollings (1918–1987). He was reared and graduated from [high school](#) in [Socorro](#) in the [Rio Grande Valley](#) of west central New Mexico. He received his [Bachelor of Arts](#) degree in 1971 and his [Master of Arts](#) in 1975, both in history, from [New Mexico State University](#) in [Las Cruces](#) and his [Ph.D.](#) in 1983 from [Texas Tech University](#) in [Lubbock](#). He was appointed to the history faculty of the [University of Nevada, Las Vegas](#) (UNLV) in 1989 and became a full [professor](#) since 2005. Previously, he taught at [Missouri State University](#) in [Springfield](#), Texas Tech, and at high schools in Socorro and [New Laguna](#), New Mexico, and [Valencia](#), Venezuela.

Rollings, who was of [Cherokee](#) descent, authored four books and numerous essays on Indian history. His books are studies of the [Osage Nation](#) and [Comanche](#) tribes. He held a postdoctoral fellowship at the D'Arcy McNickle Center for the History of the American Indian at the [Newberry Library](#) in [Chicago](#) and a [Fulbright Scholarship](#) to New Zealand, where he studied the culture and history of the Māori and also spent time in [Christchurch](#) and [Wellington](#).

At UNLV, Rollings taught the history of the [American West](#), Native American history, [Nevada](#) history, and specialty courses on Native Americans. He was involved in the establishment of UNLV's first Ph.D. program in the history of the American West.[1]

Rollings died at [Desert Springs Hospital](#) in [Paradise](#), a [suburb](#) of [Las Vegas](#). He was preceded in death by his wife, Barbara Williams-Rollings, the former UNLV Special Projects Coordinator.[2]

Youth programs of the National Park Service

The National Park Service offers a variety of youth oriented programs. They range from the Web Ranger[32] on-line program to many programs in each National Park Unit.[33] The primary work opportunities for youth are through the Youth Corp networks.

The oldest serving group is the Student Conservation Association (SCA). It was established in 1957, committed to conservation and preservation. The SCA's goal is to create the next generation of conservation leaders. SCA volunteers work through internships, conservation jobs, and crew experiences. Volunteers conduct resource management, historic preservation, cultural resources and conservation programs to gain experience, which can lead to career development and further educational opportunities. The SCA places volunteers in more than 350 national park units and NPS offices each year.[34]

The Corps Network, formerly known as the National Association for Service and Corps (NASCC), represents 136 Service and Conservation Corps. These groups have programs in 42 states and the District of Columbia. Corpsmembers are between the ages of 16–25. Service and Conservation Corps are direct descendants of the [Civilian Conservation Corps](#) (CCC) of the 1930s that built park facilities in the national parks and other public parks around the country. The Corps Network was established in 1985.[35]

- Youth Conservation Corps (ages 15–18)

- The Youth Conservation Corps (YCC), bring young people into a park to restore, preserve and protect a natural, cultural, or historical resources. Enrollees are paid for their work.[\[36\]](#)
- Public Land Corps (ages 16–25)
 - The Public Land Corps (PLC) is a job helping to restore, protect, and rehabilitate a local national parks. The enrollees learn about environmental issues and the park. A dozen non-profit.[\[37\]](#)
- Programs for Boy Scouts (ages 7–18)
 - The National Park Service works with the [Boy Scouts of America](#). Members can become a Scout Ranger and earn a patch. The Service formerly participated every four years at the BSA Jamboree at Fort A.P. Hill, Virginia. Many scouts have completed their Eagle projects in a National Park helping preserve the resources, while furthering the scouting experience.[\[38\]](#)
- Programs for Girl Scouts (ages 5–18)
 - [Girl Scouts](#) can become a Girl Scout Ranger and earn a patch. The National Park Service works with Girl Scout Troops through their *Linking Girls to the Land*.[\[39\]](#)

“Being a well-educated person and passionate about learning isn’t just about reading and computing well. It’s about being skilled and knowledgeable about a wide range of subjects, expert and passionate about a few, and confident in the quest for more knowledge.”

—U.S. EDUCATION SECRETARY JOHN KING, JR.

Grants Get You to Where You Need to Go! Nevada Arts Council

Professional Development Grants (PDG) promote the continuing education of Nevada’s nonprofit arts industry through attendance at conferences, workshops, seminars, and other career enhancement activities.

Forty-two PDGs were awarded during the second and third quarters of FY16, supporting the attendance of artists, educators and arts administrators at conferences such as National Art Educators Association National Convention, IL; Americans for the Arts Annual Arts Advocacy Day, Washington, DC; the Society of Children’s Book Writers and Illustrators Conference, TX; and The American Mosaic Summit, CA.

PDGs are non-competitive awards available on a first-come, first-served basis. Grants provide up to \$650 for regional or national events, up to \$500 for in-state activities, and up to \$350 for NAC-sponsored activities.

Jackpot Grants

Jackpot Grants provide up to \$1,000 in support for new and exemplary arts projects initiated by artists, schools, nonprofit organizations and public institutions.

Issuance of Final Supplement to the Department of Energy Environmental Impact Statements for a Geologic Repository at Yucca Mountain, Nye County, Nevada

Date: May 16, 2016 10:22 AM

Attachments: [William Boyle ltr 5.5.2016.pdf](#)

From: **YMEIS_Supplement Resource** <YMEIS_Supplement.Resource@nrc.gov>

Subject: Issuance of Final Supplement to the Department of Energy Environmental Impact Statements for a Geologic Repository at Yucca Mountain, Nye County, Nevada

Dear Dr. Boyle:

The U.S. Nuclear Regulatory Commission (NRC) staff has issued its final "Supplement to the U.S. Department of Energy's Environmental Impact Statement for a Geologic Repository for the Disposal of Spent Nuclear Fuel and High-Level Radioactive Waste at Yucca Mountain, Nye County, Nevada," NUREG-2184. This document is available in the NRC's Agencywide Documents Access and Management System (ADAMS) at Accession No. ML16125A032 and at <http://www.nrc.gov/reading-rm/doc-collections/nuregs/staff/sr2184/>. On May 13, 2016, the NRC will announce in the *Federal Register* the availability of the final document.

This supplement evaluates the potential environmental impacts on groundwater, and impacts associated with the discharge of potentially contaminated groundwater to the ground surface due to potential releases from a geologic repository for spent nuclear fuel and high-level radioactive waste at Yucca Mountain, Nye County, Nevada. This supplements the U.S. Department of Energy's 2002 "Final Environmental Impact Statement for a Geologic Repository for the Disposal of Spent Nuclear Fuel and High-Level Radioactive Waste at Yucca Mountain, Nye County, Nevada" and 2008 "Final Supplemental Environmental Impact Statement for a Geologic Repository for the Disposal of Spent Nuclear Fuel and High-Level Radioactive Waste at Yucca Mountain, Nye County, Nevada," in accordance with the findings and scope outlined in the NRC staff's 2008 "Adoption Determination Report for the U.S. Department of Energy's Environmental Impact Statements for the Proposed Geologic Repository at Yucca Mountain."

A decision on whether to authorize construction of the proposed repository can be made only after a hearing has been conducted on contested issues and the Commission has completed its review of contested and uncontested issues under 10 CFR 2.1023(c).

Sincerely, James Rubenstone, Ph.D., Acting Director
Yucca Mountain Directorate, Office of Nuclear Material Safety and Safeguards

NWF Action Fund

Do we want **crucial nesting habitat for endangered green sea turtles** sold off to the highest bidder?

Some members of Congress want to allow the sale of thousands of acres of the Vieques National Wildlife Refuge in Puerto Rico for private development. The 17,771-acre refuge—open to the public and protected for all Americans—provides irreplaceable habitat for green sea turtles and many other cherished wildlife species.

[Please stand in solidarity with Sociedad Ornitológica Puertorriqueña, the National Wildlife Federation's affiliate in Puerto Rico, and oppose the sell-off of the Vieques National Wildlife Refuge.](#)

[TAKE ACTION »](#)

Selling this pristine public landscape would further a reckless quest to sell and dismantle our entire system of national public lands. The proposal has sparked a wave of opposition from wildlife lovers and outdoor enthusiasts alike, with good reason. **It would set us on a course to losing our public lands—and the habitat they provide—forever.**

Shayne, our natural outdoor heritage should not be for sale. Vieques National Wildlife Refuge belongs to all Americans.

[Tell Congress to reject the threat to wild public lands like Vieques and honor our national commitment to protect our wildlife and natural riches.](#)

Thank you for speaking out today to protect America's wildlife!

Andy Buchsbaum Interim Executive Director, NWF Action Fund

Even The Ivy Leagues Can Be An Affordable College Option

COLLEGE HORIZONS: <http://collegehorizons.publishpath.com/about>

WHY COLLEGE HORIZONS?

Who we are:

College Horizons is a non-profit organization that supports the higher education of Native American students by providing college and graduate admissions workshops to American Indian, Alaska Native, and Native Hawaiian students/participants from across the nation. Two programs are offered in the summer: College Horizons services current 10th-11th grade high school students and Graduate Horizons services college students and college graduates.

First things first-get your basic financial aid package started:

The office of Federal Student Aid provides grants, loans, and work-study funds for college or career school. They offer more than \$150 billion each year to help millions of students pay for higher education. Federal Student Aid, a part of the U.S. Department of Education, is the largest provider of student financial aid in the nation.

Hoopla Tribe sues feds, claims inadequate salmon protection

Eureka Times Standard

The Hoopa Valley Tribe has filed a 60-day notice of intent to sue the Bureau of Reclamation (BOR) and NOAA Fisheries for violating the Endangered Species Act (ESA). Failure by these federal agencies to reinitiate consultation on the flawed 2013 Klamath Project Biological Opinion (BiOp) will simply add to the millions of sick and dead juvenile salmon already lost due to the Klamath Irrigation Project. High infection prevalence of the deadly salmon parasite *Ceratomyxa nova* has been directly linked to the Project and its effect upon natural flows in the river.

2016 Fall Semester Scholarship Opportunities for Western Shoshone Students. Applications are **due Monday, June 27, 2016!**

Scholarship Opportunities for Western Shoshone Students

Announcing the:

- **Western Shoshone Scholarship Fund**
- **Barrick "Gold" Scholarship**
- **Tuition Assistance Program**

Your eligibility for the scholarship opportunities listed above are determined through meeting the specific funding criteria as described in the application document

AND

by meeting **ONE** of the following Western Shoshone tribal eligibility criteria described below:

- I am a Western Shoshone and am an enrolled member of one of the following Tribes:
 - Duck Valley Shoshone-Paiute Tribe
 - Duckwater Shoshone Tribe
 - Elko Band of the Te-Moak Tribe of Western Shoshone
 - Ely Shoshone Tribe
 - South Fork Band of the Te-Moak Tribe of Western Shoshone
 - Wells Band of the Te-Moak Tribe of Western Shoshone
 - Yomba Shoshone Tribe
 - Battle Mountain Band of the Te-Moak Tribe of Western Shoshone.*
- OR
- I am not an enrolled Western Shoshone who is a resident of a partner community or its service area, who has a parent who is an enrolled tribal member of any partner community listed above.

*Scholarships are funded by Barrick directly from other sources.

Applications for the Fall 2016 Semester is due:
Monday, June 27, 2016 (must be postmarked by this date)!

For Applications Contact:
