So I was
explaining to a
friend about
sleeping Indian
and his horse, up
by climax near
leadville
Colorado. He
could see the
sleeping Indian
but not the horse

So I'll illiterate it
for you. Many locals
know the Indian but not
the horse. Hope you
enjoy. Be well be blessed
with love and light my
friends.
Much luv Wildflowers.

Linda Fine Conaboy, Lake Tahoe News

It's been said that Lake Tahoe is a complex body that man may never understand. That is true; however, UC Davis and Geoff Schladow, the director of the UC Davis Tahoe Environmental Research Center housed at Sierra Nevada College, are doing their best to prove that statement wrong—well, maybe, just a little bit wrong.

In Nicaragua, Indigenous People Are in Standoff With Illegal Settlers and Police

Courtney Parker, Indian Country Today Media Network: As Nicaragua braces for mass protests around the upcoming November election, controversies surrounding what some see as an authoritarian bid by Daniel Ortega for a fourth term are coinciding with escalations in colonial violence. Militarized police and illegal settlers are increasingly killing, kidnapping and displacing Indigenous people.

Puget Sound Is Home to the Biggest Nuclear Stockpile in the World

Martha Baskin, Crosscut: An estimated 1,344 nuclear warheads are housed at Naval Base Kitsap, located on the eastern shore of Hood Canal, 20 miles from Seattle. The underground nuclear weapons storage complex -- and the issue of nuclear weapons more broadly -- has, oddly, escaped public debate in recent years.

First Nations jeopardized by congressional loophole regarding oil development in the Arctic National Wildlife Refuge.

What's Going on With the Arctic National Wildlife Refuge?

Audubon

At 68 degrees latitude north, where the Alaskan bush gives way to sweeping panoramas, rests the Arctic National Wildlife Refuge, the “crown jewel” of the U.S. National Wildlife Refuge System. Spanning 19 million acres—an area the size of South Carolina—its coastal plains, bays and lagoons, snowy peaks, and endless tundra comprise one of the largest intact habitats that remain on Earth. The Arctic National Wildlife Refuge (ANWR) was established in 1960 under President Eisenhower, but it's been [Read the full story](#)

Native youth get on-the-job training with IHS Pathways Internships July 29, 2016

by Capt. Marie Russell, MD, Acting CEO, Phoenix Indian Medical Center

American Indian and Alaska Native students, from high school to grad school, can apply for a flexible program designed to ease the transition into federal service. IHS offers the [Pathways Internship](#) as a career-building opportunity that allows students to explore federal careers while still in school and pays them for work performed.

The Phoenix Indian Medical Center employs two Pathways students. Tamia Weahkee, a member of the Navajo Nation, is a high school senior. Jeanette Johnson, a member of the Gila River Indian Community, is a junior at Arizona State University.

Tamia Weahkee, a high school student and IHS Pathways intern, reviews Generation Indigenous social media posts. 9Ppic)

At fourteen years old, Weahkee decided that she wanted to be a pediatrician. She is very appreciative of this unique opportunity. “It has been an eye-opening experience,” she said. “Pathways has given me the chance to be more hands-on with patients. The internship has also helped expand my organizational skills, detail orientation and ability to manage and balance my time more efficiently.”

The federal hiring process gives weight to work experience. Pathways provides this experience to Native youth applying for entry level positions within the federal service. The program requires interns to complete at least 640 hours of work experience with a flexible schedule to accommodate school and other obligations. Students who successfully complete the program may be eligible for conversion to a permanent job in the civil service.

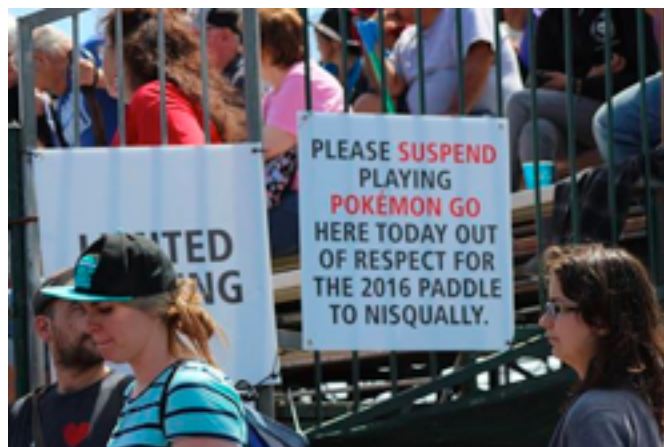

“My goal is to finish school and give back to my community through this organization,” Johnson said. “Pathways allows us to come aboard and truly experience the hospital. It also gives us a stepping stone to become a full-time employee of the Indian Health Service after we graduate.”

Jeanette Johnson, an Arizona State University student and IHS Pathways intern, looks forward to giving back to her community after graduation.

Johnson and Weahkee are assigned to the Office of Community Relations and Tribal Affairs. They are gaining experience in administration and communications.

The Pathways Internship is open to students from a wide variety of educational institutions and requires a cumulative minimum GPA of 2.0. IHS also offers several other [opportunities for students](#). The Indian Health Service is pleased to support American Indian and Alaska Native youth by providing these opportunities for building careers in health!

Kit Julianto: An Art Show the students of Owyhee High School have their Art on Display. If you have the Opportunity go check it out. Really proud of the students for sharing their talents.

California Trail Center presents Owyhee youth art

Jul 31, 2016

ELKO – The California Trail Interpretive Center presents a temporary exhibit featuring paintings by Native American high school students from Owyhee Combined School, located in the Duck Valley Indian Reservation.

“Reflections from Duck Valley: A Native American Youth Art Exhibition” opens Monday and will run through October. The exhibit includes 31 paintings.

The Duck Valley Indian Reservation is in both Nevada and Idaho, and is occupied by descendants of the Western Shoshone and Northern Paiute tribes.

“Our students took a step back to reflect and paint depictions of both traditional and modern Paiute and Shoshone lifeways and culture,” said Kit Julianto, art teacher at Owyhee.

Julianto worked closely with California Trail Interpretive Center staff to create the exhibit. “We appreciate the talent and creativity of these young artists, and we are proud to showcase their colorful and vibrant paintings,” said Park Ranger Alex Rose.

Some of the paintings are for sale through the Southern Nevada Conservancy, a Trail Center partner.

For more information about the California Trail Interpretive Center call 738-1849. Visit the Trail Center online at www.californiatrailcenter.org or <https://www.facebook.com/californiatrailinterpretivecenter>.

The California Trail Interpretive Center is located eight miles west of Elko on I-80, Hunter exit 292. The Center is open daily from 9 a.m. to 4:30 p.m. Admission is free.

SPECIAL PRESENTATION:

History in the Making [PosterGBIA8182016.pdf](#)

You are cordially invited to the *Oral History Recording of Native American Elders Presentation* at the Great Basin College Theatre on Thursday, August 18, 2016 from 1 until 8 pm. [View the event poster!](#)

This presentation features stories by Doris Allison, Floyd Collins, Delaine George, Ruby Sam, Theresa Sam, Lester Shaw, Jr., and Helen Walker. Special presentations about Personal Life Experiences include Antoinette Cavanaugh - *Education Perspectives*, and Keith Honaker - *Shoshone Language Retention*.

The featured speaker is Lee-Juan Tyler, the Sergeant-of-Arms for the Fort Hall Business Council of the Shoshone-Bannock Tribes. Tyler is active in the traditional and ceremonial ways of the Shoshone-Bannock people. Tyler is also fluent in Shoshone and supports the revitalization of the Shoshone and Bannock languages!

This special event is sponsored by Barrick and Great Basin College.

Your assistance is needed in order for us to inform our family, friends, community members and the Public that we have a wonderful program planned for August 18, 2016 at the Great Basin College Theatre. The sharing of stories from the our Elders and special individuals sharing their personal stories about success and a awesome Speaker for the event.

If you you have access to a printer, please take the time to make copies to post throughout your community so that people will learn about this event.

Your assistance is greatly appreciated in informing people of this upcoming event and I hope to see you all there.

It will be awesome:) Sincerely, Norm

gbia resources

Explore the resources on the Great Basin Indian Archives. We have a [list of external links](#) and [How-Tos](#) we hope you will find helpful!

[gbia partners](#)

Meet our partners whom without their help, there would not be an archive. Please take the time to visit their sites and learn more about the entities we are so grateful for.

WELCOME: Welcome to the Great Basin Indian Archives presented by Great Basin College in partnership with Barrick North America and the University of Utah.

Our Mission

The Great Basin Indian Archives will endeavor to provide students and researchers with easy access to primary and digital information that chronicle the history and heritage of the Great Basin Indian peoples.

Our Plan

Provide important information for students, educators and researchers to access readily on site about the Great Basin Tribes, Western Shoshone, Paiute and Washoe. A collection of Oral Histories of elders sharing their culture and customs of the above listed Tribes. Some of the elders speak in their native language in describing or sharing their stories. These tribes aboriginal territory covers the states of California, Nevada, Utah, Idaho, Oregon and Wyoming. A collection of songs sung in the native languages about ceremonial and cultural activities, including hand game songs.

The intent for the GBIA program is to exist on the GBC website and to provide a “virtual linking archives” for easy accessibility to the General Public as well. Links in other states and countries will be developed through student and community work.

2015 Native American Elders Presentation Stream

An Oral History Recording of Native American Elders presentation was conducted at the Great Basin College Theatre on Thursday, June 11, 2015. [View the event poster by clicking here](#). The live video stream of the presentation was recorded and is now available for viewing. [Click to view the recorded stream!](#)

Elders Honored

Western Shoshone Elders were honored in the Great Basin College Theatre recently. Each honoree received Pendleton blankets for sharing and contributing their stories. These and other stories will be archived in the Great Basin Indian Archives. The event was a huge success!

New Oral Histories for 2015

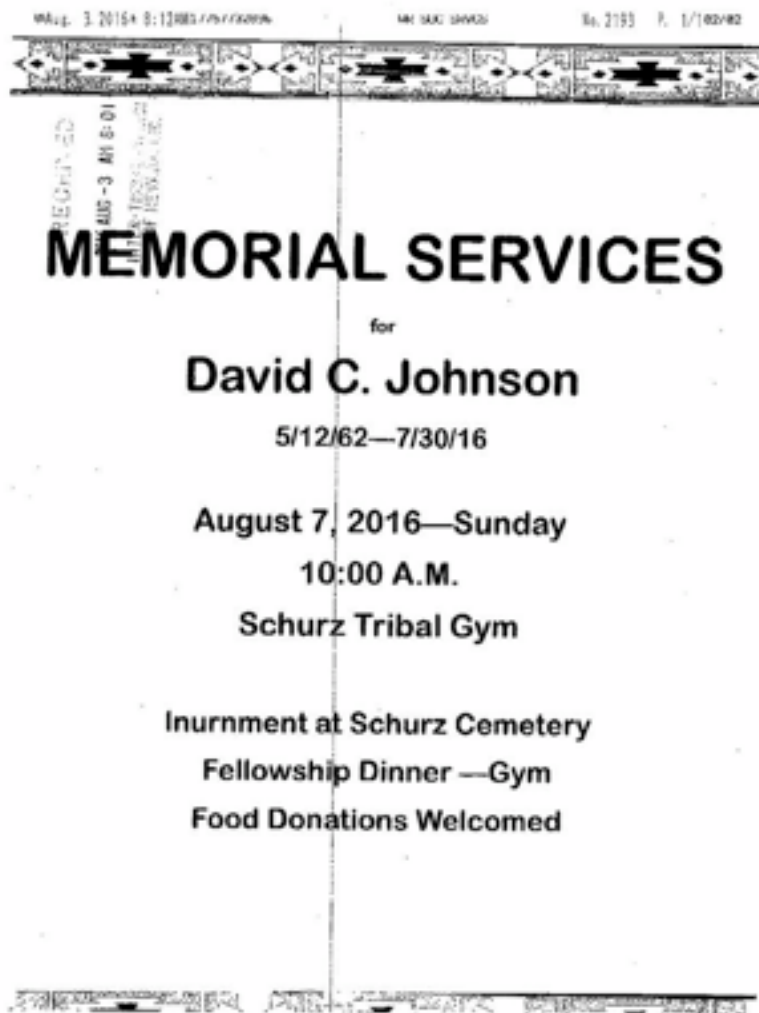

In partnership with Great Basin College and it's new Virtual Humanities Center, we are pleased to announce that select assets from the Great Basin Indian Archives are now available in the

VHC in an archival and fully searchable repository. New Oral Histories have been added for 2015. [See the VHC exhibit by clicking here!](#)

New Oral History Transcripts Added
