Thankful to have all you in my life. This issue has no table of contents; it speaks for itself. May you all enjoy your day of reflection; may you all every day do something for a little person, an elderly/vulnerable person, but especially now, do something for Standing Rock. Don't shop on Black Friday. Get on the phone, your email or actually get pen and paper out and let your elected officials know where you stand.....with Standing Rock. sdc

Obama: Joe

Joe: But seriously. They're assaulting peaceful Native Americans...the week of Thanksgiving. You look like an asshole.

It's worth a try, but since when is the FBI on our side:

"Note from the FBI: ALL victims from last night need to call 800-225-5324. You have to report attempted murder/genocide, whatever other police assaults and Hate crimes you were subjected to. Press 1 for English, then listen to the list and then they will ask you to press 9. You will get an agent.

They will take your call. However each individual must call. No one else is allowed to report it. The female agent said they are standing by.

The EPA also wants eyewitnesses from last night to call them. Sudden threats to public health, such as chemical spills done by law enforcement last night. You have to have been directly involved to call. They will take your report. Call the National Response Center at 1-800-424-8802."

So...to promote healing of this annual reminder...I will be in Standing Rock to share food and supplies with those who continue to pray over the burial sites of their ancestors located on their unceded treaty land; to support and honor those at Standing Rock who are upholding the constitutional right we all have to peacefully assemble; and to honor and pray for all who are taking a stand against a corporation that threatens water quality for ALL. While there, I expect to witness the physical assault the water protectors have undergone. While there, I will offer prayers and blessings for all involved in this situation/conflict, the water, the earth, air and all who live upon this earth. As all of my friends gather for their Thanksgiving feast, give thanks for your water which is the essence of life. Happy Thanksgiving.

Dear friends and family, please take the time to read the following. As you know I've spent most of my teaching years working with Native Americans. I've witnessed the discrimination first hand. The people at Standing Rock are standing for all of us. They only want clean water. Period. They are unarmed and only wish to maintain the right to have clean water and protection against a pipeline through their land. If you can help in any way it will be appreciated. Thank you. Kay McNeer

Almost two months ago we wrote asking for your support in helping our Native American brothers and sisters stop the North Dakota Access Pipeline.

We are going to make this short and to the point: we need you to do it again.

Last night as temperatures dropped below freezing, North Dakota police continued their un-American shooting of unarmed citizens with water cannons, tear gas, concussion grenades, mace, pepper spray, and rubber bullets for exercising their constitutionally given right to assemble.

This isn't a left or right issue. This is not just about people in North Dakota. This is an American issue. The Obama administration has the authority to permanently stop the pipeline, but has chosen to "let things play out."¹ Since the founding of our nation, we have seen what it means to "let things play out" when it comes to indigenous people.

If you are as fired up as we are, please join us in calling North Dakota's Governor Jack Dalrymple to tell him what you think about the America he is helping to create.

Here is a list of things you can do to help:²

- Call North Dakota governor Jack Dalrymple at [701-328-2200](tel:701-328-2200).
- Sign the petition to the White House to Stop DAPL: <https://petitions.whitehouse.gov/petition/stop-construction-dakota-access-pipeline-which-endangers-water-supply-native-american-reservations>
- Donate to support the Standing Rock Sioux at <http://standingrock.org/>
- Donate items from the Sacred Stone Camp Supply List: <http://sacredstonecamp.org/supply-list/>
- Call the White House at [\(202\) 456-1111](tel:202-456-1111) or [\(202\) 456-1414](tel:202-456-1414). Tell President Obama to rescind the Army Corps of Engineers' Permit for the Dakota Access Pipeline.
- Contribute to the Sacred Stone Camp Legal Defense Fund: <https://fundrazr.com/d19fAf>

- Contribute to the Sacred Stone Camp GoFundMe account: <https://www.gofundme.com/sacredstonecamp>
- Call the Army Corps of Engineers and demand that they reverse the permit: [\(202\) 761-5903](tel:202-761-5903)
- Call the executives of the companies that are building the pipeline:
 - Lee Hanse Executive Vice President Energy Transfer Partners, L.P. 800 E Sonterra Blvd #400 San Antonio, Texas 78258 Phone: [\(210\) 403-6455](tel:210-403-6455) Lee.Hanse@energytransfer.com
 - Glenn Emery Vice President Energy Transfer Partners, L.P. 800 E Sonterra Blvd #400 San Antonio, Texas 78258 Telephone: (210) 403-6762 Glenn.Emery@energytransfer.com
 - Michael (Cliff) Waters Lead Analyst Energy Transfer Partners, L.P. 1300 Main St. Houston, Texas 77002 Telephone: (713) 989-2404 Michael.Waters@energytransfer.com
- Go there.

If there is anything that Brand New Congress hopes to achieve, it's creating a government that works for ALL Americans, especially those who are most vulnerable. As we celebrate Thanksgiving this weekend, let us not forget the hypocrisy of it all.

Now is the time to do everything you can to support and show solidarity with our Native American brothers and sisters in North Dakota. Now is the time to say 'enough is enough.'

Change will only come if we stand together to make America a better place for all.
