NATHPO Office Move

Later today the NATHPO office starts a move to a new location. Main phone line may not be connected for several days. Internet connection may also take a few days to get back online.

Email via my cell phone should still work.

rock-is-native-leadership-all-around

[Louinda Garity](#) Our hands were chained because we took a vow of non-violence. But through the power of many prayers and peacefulness we took that black snake on. With the help of people of all colors such an out-cry for justice was heard all the way to the White House. We won't be resting on our laurels though, there is still much work to be done. Painting by F.Frazetta

van Gelder: I just asked a woman from the Oglala Nation if she'd ever seen anything like this. She said not since 1973 at Wounded Knee. Tell me how you see this in a historic context.

Goldtooth: I've talked to folks who were there, who are in this camp. At its very most there were about 200 people at Wounded Knee at its peak, and a lot of those were people who came in for the weekend and left. At its peak in this camp, we reached up to 3,500 people. People that traveled across the country. They carpooled, hitchhiked. They organized caravans and buses. It's magnificent to see that. **It makes me think how different it would have been if we had had Facebook in 1973.** (See leadership story above)

Heads up, Catholics: Pope Francis says caring for the environment is your Christian duty.

Thursday marks World Day of Prayer for the Care of Creation, an occasion [designated by Pope Francis last year](#). In case you thought you could get away with only atoning for subscribing your worst cousin to *Cat Fancy*, you're wrong: You also have to consider your sins against the environment.

But prayer alone isn't enough, according to the Pope — humans also have to act. People can aid

the planet, the Pope writes, by “avoiding the use of plastic and paper, reducing water consumption, separating refuse, cooking only what can reasonably be consumed, showing care for other living beings, using public transport or car-pooling, planting trees, turning off unnecessary lights, or any number of other practices.”

Last year, Pope Francis released [an encyclical](#) that laid out the moral case for creating a sustainable economy and fighting climate change.

Climate change made an

appearance in Thursday's address as well: "Global warming continues," Pope Francis writes. "This is leading to ever more severe droughts, floods, fires and extreme weather events. Climate change is also contributing to the heart-rending refugee crisis. The world's poor, though least responsible for climate change, are most vulnerable and already suffering its impact."

Amen to that.

It would be wonderful, and fitting, if the indigenous peoples all over the world stepped into the role of the planet's stewards.

And it would be even MORE awesome if everybody else would actually listen to them and act on their knowledge.

It's tragic the continent's invaders didn't incorporate native peoples' ideas about our interconnectedness with our environment right from the beginning.

Still needs to be approved by the Hauge, SEC and the DOJ

White House Blog: Announcing South by South Lawn: A White House Festival of Ideas, Art, and Action

WASHINGTON, DC – Jason Goldman, White House Chief Digital Officer, issued the following White House blog post announcing South By South Lawn. You can read the full post [HERE](#).

Summary: On Monday, October 3, we're celebrating the spirit of innovation with the first-ever White House South by South Lawn.

Earlier this year, President Obama traveled to South by Southwest in Austin for a conversation on civic engagement and to challenge creative thinkers and entrepreneurs from across the country to help tackle our toughest challenges. On Monday, October 3, we're celebrating that spirit of innovation with a White House event called South by South Lawn.

South by South Lawn, an event inspired by South by Southwest, will bring together creators, innovators, and organizers who work day in and day out to improve the lives of their fellow Americans and people around the world.

Do you know someone who's doing great work and should be there? You can nominate yourself or someone you know below.

In coordination with the American Film Institute (AFI), the President's Committee on Arts and Humanities (PCAH), and South by Southwest, the South Lawn event will be comprised of three parts:

- **INTERACTIVE:** Panel discussions throughout the day will explore topics like how to make change stick with organizers who are having an impact, as well as a discussion with influencers who are using their platforms to bring about positive change. Interactive booths will encourage attendees to engage with and learn about new technologies and innovations.
- **FILM:** The film portion features the 3rd Annual White House Student Film Festival in association with its founding partner, the American Film Institute. Students in grades K-12 submitted more than 700 short films round this year's theme, The World I Want to Live In. The submissions are inspiring and we're excited to share official selections and honor young filmmakers as part of this event.
- **MUSIC:** Musical performances will include well-known and emerging artists who are using their music to inspire audiences.

As the President said in Selma, "It is you, the young and fearless at heart, the most diverse and educated generation in our history, who the nation is waiting to follow." In that spirit, South by South Lawn will challenge young leaders to build on our progress toward an America that is more tolerant, fair, and full of opportunities.

Nominate yourself or someone you know to attend the White House's South by South Lawn.

On October 3, the White House will convene creators, innovators, and organizers from across the country for an evening of music, film, and great ideas. It is a call to arms for every American to roll up their sleeves and make a positive mark on our country — and a celebration of the great work so many of us have already accomplished.

Know somebody creating change — big or small — in your community? We're inviting you to nominate yourself or somebody you know to attend. Submit details [HERE](#).

Federal Funding and Technical Assistance Opportunities

**Future Cities Accelerator Opportunity Details [here](#).
Applications due September 25, 2016**

The Future Cities Accelerator exists for one reason: to solve the challenges faced by poor or vulnerable populations living in U.S. cities. We're looking for 10 early-stage organizations (for-profit or non-profit) who are likely to benefit over 1 million poor or vulnerable people in U.S. cities. If you're one of them, we'll give you \$100,000 in grant funding + 9 months of intensive support.

Training and Technical Assistance to Improve Water Quality and Enable

Small Public Water Systems to Provide Safe Drinking Water

Details [here](#). Announcement Number: EPA-OW-OGWDW-16-02

Closing Date: September 30, 2016

Funding amount: Award Ceiling: \$8,005,000; Award Floor: \$0

More information [here](#).

The U.S. Environmental Protection Agency is soliciting applications from eligible applicants as described in Section III.A to provide training and technical assistance for small public water systems to help such systems achieve and maintain compliance with the Safe Drinking Water Act, and to provide training and technical assistance for small publicly owned wastewater systems, communities served by onsite/decentralized wastewater systems, and private well owners to improve water quality under the Clean Water Act. Training and technical assistance activities provided to these systems, communities and private well owners should be made available nationally in rural and urban communities and to personnel of tribally-owned and operated systems.

Transit-Oriented Development technical assistance, Federal Transit Administration with Smart Growth America

Details [here](#) Applications due October 7, 2016

Each year, the Federal Transit Administration in partnership with Smart Growth America offers free technical assistance to communities to develop tools, guidance, and other resources for enhancing transit-oriented development (TOD) within transit corridors or around a public transportation station, and in economically distressed communities.

The second round of our free technical assistance is now open. Requests may be submitted until Friday, October 7, 2016 at 5:00 p.m. EDT. Any unit or subdivision of state, regional, local, or tribal governments with an active federally funded transit capital project are eligible to apply.

\$5 million Knight Cities Challenge to open for ideas Oct. 10

Details [here](#). Applications due November 3, 2016

This fall we're opening the next Knight Cities Challenge to offer \$5 million in grant funding for your best ideas to make the [26 Knight communities](#) more successful.

The challenge will open Monday, Oct. 10, and close Thursday, Nov. 3, at [knightcities.org](#). We will announce the winners in spring 2017. We're looking for new ideas that can make impact in three areas that are crucial to building more successful cities: attracting and retaining talent, increasing economic opportunity and promoting civic engagement. You don't need to be from a Knight city to apply, but your project must take place in a Knight community, one of 26 places where the Knight brothers once owned newspapers.

Culture of Health Prize, Robert Wood Johnson Foundation

Details [here](#). Applications due November 03, 2016

Prize amount: \$25,000

The RWJF Culture of Health Prize recognizes communities that have placed a priority on health and are creating powerful partnerships and deep commitments

that will enable everyone, especially those facing the greatest challenges, with the opportunity to live well. A Culture of Health recognizes that health and wellbeing are greatly influenced by where we live, work, the safety of our surroundings, and the relationships we have in our families and communities. The Prize elevates the compelling stories of local leaders and community members who are coming together to create conditions for health and prosperity by transforming neighborhoods, schools, and businesses?so that good health flourishes everywhere.

How the Sugar Industry Shifted Blame to Fat By ANAHAD O'CONNOR

Newly discovered documents show that the sugar industry paid scientists in the 1960s to shape the debate around heart disease, sugar and fat.

Apple Offers Free App to Teach Children Coding (iPads Sold Separately)

By NATASHA SINGER

The educational program is aimed at middle school students, but critics say the fact it requires a tablet makes it unavailable to lower-income families.

***Gotta watch this one:* Washoe County Federal Public Lands Bill**

Slaughter said Washoe County will be working with the Nevada Congressional Delegation, the cities of Sparks and Reno, the Washoe County School District, and other diverse stakeholders to support a well-balanced approach to a Washoe County Federal Public Lands Bill.

The Public Lands Bill will not only create economic development opportunities, but will preserve and promote recreation on public lands by providing funding for habitat restoration, designating appropriate wilderness areas, mitigating wildfire hazard reduction and supporting other conservation efforts.

Washoe County is hosting two open houses about the Public Lands Bill at the Washoe County Administration Complex September 16 and 19.

Learn more about the proposed Public Lands Bill Washoe County is hosting two open houses in September [Read the full announcement](#)

HUD awards more than \$56 million for housing and community development projects in 77 tribal communities

September 12, 2016

U.S. Department of Housing and Urban Development (HUD) awarded \$56.5 million to 77 Native American communities throughout the country to improve housing conditions and stimulate community development for residents, including funding construction projects and local jobs. The grants are part of HUD's Indian Community Development Block Grant (ICDBG) Program, which supports a wide range of community development and affordable housing activities. See a list of award winners, and [read individual project summaries here](#). [Click Here](#) for the full Press Release

INVITATION TO SACRED DRUMMING EQUINOX CEREMONY (6pm) HONORING OF
THE UNITED NATIONS INTERNATIONAL DAY OF PEACE POTLUCK DINNER (7pm)

**COME AND PRAY FOR WORLD PEACE AND
OUR MOTHER EARTH**

**INVITATION TO AUTUMN EQUINOX CELEBRATION & HONORING OF THE
UNITED NATIONS INTERNATIONAL
DAY OF PEACE**

Thursday, September 22, 2016 - New Times

5:30pm-Arrival 6pm-Ceremony Starts 7:30pm-Potluck

Roasted Turkey Will Be Provided

Please Bring Side Dishes & Trimmings

All Ages Welcome

Church of the Still Small Voice

2620 Hughes Drive West Linn, Oregon

[Use Mapquest.com or Your Smart Phone to Find]

**Ceremony Led by Max Defender, Ojibwe Elder from the Turtle Mountain Reservation in
North Dakota; Ceremony also co-led by Gary Alan Spanovich, co-founder of the Wholistic
Peace Institute - Educating for Peace**

**Bring Your Prayers - Drum - Rattle - Singing Bowl
- Or Other Instruments If You Wish**

**Equinox - We will celebrate the Fall Equinox - The word "equinox" was derived from the
Latin term "aequinoctium", which in turn came from "aequus", meaning equal and night.**

**It refers to the time that occurs only twice a year when the nighttime is equal to the
daytime; each being nominally 12 hours in duration.**

**United Nations International Day of Peace - *"The people of the world have asked us to shine
a light on a future of promise and opportunity. Member states have responded with the 2030
Agenda for Sustainable Development...It is an agenda for people, to end poverty in all its
forms. An agenda for the planet, our common home; an agenda for shared prosperity, peace
and partnership."***
