Tyler Sumpter

So a year ago today, I finally got my name on this banner. Something I don't think I ever posted about but I just had to post it today. Because as soon as This went up.. all the haters came out. I never been one to talk about stuff like this. But it's just crazy to see how far I came from last year. Last year had to be one of the craziest years not playing ball & all the extra stuff that came with it. Tested me mentally for sure. But seeing this picture just brought everything back. Glad my

parents taught me to be the strong person I am. & keep on keeping on 🙏🏻💪🏻❤️

HOW LONG UNTIL IT'S DECOMPOSED?

IF ONE BOTTLE OF WATER MADE IT INTO THE SEA, HOW LONG WOULD IT TAKE TO FULLY DECOMPOSE?

The infographic is set against a blue background representing the ocean. At the top, a person is shown on a beach throwing a blue bottle into the water. A red sailboat is visible on the surface. Below the surface, various pieces of trash are scattered, including a toilet roll, plastic bags, a cigarette, cardboard, a drink can, a plastic fork, a fish hook, a glass bottle, a diaper, and a large plastic water bottle. Each item is enclosed in a circular frame with its name and decomposition time. A cartoon crab at the bottom left holds a sign that says 'THIS HAS TO STOP'. A cartoon fish at the top right has a speech bubble that says 'WE LIVE HERE'. The background is decorated with small blue and white bubbles and pieces of trash.

Item	Decomposition Time
Toilet Roll	1 Month
Plastic Bags	10-20 Years
Cigarettes	10 Years
Cardboard	2 Months
Drinks Cans	200 Years
Fish Hooks	600 Years
Plastic Cutlery	100-1000 Years
Glass	4000 Years
Diapers	450 Years
Some Plastics	Never
