Half Dome was originally called "Tis-sa-ack", meaning Girl Crying in the Paiute language. Tis-sa-ack is a compound word broken down as T'ssi yakka and a compound word of the Yosemite Mono Lake Paiutes, thus = T'ssi = Girl and Yakka = cry, thus crying girl in the Paiute Language.

Yosemite and their advisors dont know the Truth and try to make everything Miwok. However they cant change the old history of the Park and they dont know the Paiute language! This is one quick version, But others cite the Mans name was Nungas. They came from Mono Lake, and reached Mirror Lake. The maiden was very thirsty, she drank Mirror Lake dry. Nungas was so Angry, they began to fight. The Maiden threw the wono at Nungas and that became Basket Dome. She threw the cradleboard at him as well and that became the Royal Arches. The Creator was so angry he turned them both into stone forever based on the Anger they brought to Ahwahnee. T'ssiyakka means "crying girl" or in Paiute "girl-cry," Tsi = Girl, and Yakka = Cry

Our ceremonies exist and are practiced today because of our elders. They preserved and passed down our ceremonies. These we keep sacred. This is why we fight appropriation.

United Airlines, the only major U.S. airline to own a flight school, has begun accepting applications as it embarks on an ambitious plan to train 5,000 new pilots by 2030, at least half of them women and people of color. Backed by scholarship commitments from United Airlines and JPMorgan Chase, <u>United Aviate Academy</u> will create opportunities for thousands of students, including women and people of color, to pursue a career as a commercial airline pilot, one of the most lucrative careers in the industry.

In addition, for those United Aviate Academy students who may need additional financing, United has partnered with Sallie Mae to offer private student loans to ensure that no highlyqualified, highly-motivated, eligible applicants will be turned away solely because they can't afford to enroll. United Aviate Academy expects to enroll 100 students in 2021.

To break down the financial barriers that limited access to the airline pilot career path for generations of women and people of color, United has committed to fund \$1.2 million in scholarships. The airline's credit card partner, JPMorgan Chase, has also committed \$1.2 million to support women and people of color who are accepted to United Aviate Academ

Severe drought and demands to ensure that river flows sustain fish populations have led to tense battles over an ever-dwindling water supply. The last time irrigators were cut off, in 2001, "bucket brigade" protesters scooped water from the Klamath River and passed it, hand over hand, to a parched irrigation canal. A.P.
